

# UNC TRANSGENDER HEALTH PROGRAM

The **UNC Transgender Health Program** is designed to help patients obtain gender-affirming care by navigating a complex healthcare system and connecting them to the services they need.

The Transgender Health Program is the primary entry point for transgender patients into the UNC Health system, and provides medical, surgical, and mental health services with vetted, gender-affirming providers.

## NEW PATIENTS

New patients can contact the UNC Transgender Health Program by phone at **1-984-215-4610** or by email at [transhealth@unchealth.unc.edu](mailto:transhealth@unchealth.unc.edu) so that our staff can address your individual care needs.

Our office is open **Monday–Friday from 8 a.m. to 4 p.m.**

## SERVICES

- **Gender affirming primary care and adult hormone therapy**
- **Behavioral health services for adult and pediatric patients**
- **Pediatric assessment and gender care**

- Facial Surgery

## INSURANCE COVERAGE

Health insurance is filed as a courtesy by UNC Transgender Health Program staff or the staff of individual providers. As part of the UNC Health Care System, we accept nearly all health insurance carriers, including Medicaid and Medicare – however, please check with your insurance to ensure UNC is in-network for coverage.
